ELECTION

Sir:

In response to the Restriction Requirement of August 19, 2009, Applicants have the following election:

With regard to the species restriction, Applicants elect Species III (third embodiment of a pixel circuit; e.g. Fig. 4; Embodiment 2). Applicants believe that Claims 7-18 and 37-62 are readable on Species III.

With regard to the sub-species restriction, Applicants elect Sub-Species A (drawn to a first embodiment of a memory circuit; e.g. Fig. 6A). Applicants believe that Claims 7-18 and 37-62 are readable on Sub-Species A.

With regard to the sub-sub-species, Applicants elect Sub-Sub-Species 2 (drawn to a second embodiment of a flip-flop circuit; e.g. Fig. 8C). Applicants believe that Claims 7-18 and 37-62 are readable on Sub-Sub-Species 2.

With regard to the sub-sub-sub-species, Applicants elect Sub-Sub-Sub-Species iii (drawn to a third embodiment of a half adder circuit; e.g. Fig. 9D). Applicants believe that Claims 7-18 and 37-62 are readable on Sub-Sub-Sub-Species iii.

Therefore, Claims 7-18 and 37-62 are readable on the elected species and should be prosecuted in this application.

Applicants are making this election without prejudice to later filing a divisional application on the non-elected claims and/or species.

If any fee should be due for this response, please charge our Deposit Account No. 50-1039.

Favorable consideration is earnestly solicited.

Respectfully submitted,

Date: September 21, 2009

/Mark J. Murphy/
